Purpose:

The CFO Committee’s purpose is to coordinate and facilitate meetings throughout the year with Michigan large system CFOs. The goal is to entrench the large systems, encourage HFMA involvement, and to identify CFO initiatives.

2017 - 2018 - Year in Review:

During 2018 there were four meetings held. Key topics were Managed Care Landscape, which was presented by the CEOs of HAP, Priority, and McLaren Health Plan. In addition, the group held a one-on-one meeting with Brian Peters, President of MHA to discuss current topics of reimbursement and a few new MHA committees with CFO involvement.

There group has a few new members, with the CFOs at DMC and HFHS changing during the year.
