Senior Business Consultant Finance

Spectrum Health Lakeland
Saint Joseph, MI

POSITION PURPOSE

The primary responsibility of the senior business consultant is to plan, develop, analyze and implement business metrics and systems for increasing revenues, reimbursement, productivity metrics, cost savings and profitability for key service lines, as well as automating current processes to drive efficiency within the finance function. This position also will be a key resource to help the service line director to be successful in running their business unit.

EDUCATION/EXPERIENCE REQUIRED

Required Qualifications

- Bachelors' Degree in Accounting or Business Administration.
- Minimum of 5 years experience in a healthcare environment.
- Know how to put together a complete business plan and present it to senior leadership. Understand healthcare revenue cycle and reimbursement and how to advise Service Line Directors on how to successfully run a business. Know how to research and get information from various sources to become a valued consultant.
- Demonstrated business and interpersonal abilities are required. Analytical, organizational, and business skills necessary to design, implement, and monitor business best practices. Must be able to work independently with limited supervision. High level of knowledge of clinical service lines, medical terminology, must have adequate computer skills including Excel and data management tools.
- Superior interpersonal skills necessary to communicate to internal and external business partners; and maintain effective relationships with other hospital disciplines. Must possess excellent oral and written communication skills.

Preferred Qualifications

- MBA in business administration and/or Business Analytics.
- Executive level experience and/or working with physicians and the senior executive team of healthcare organization.
